

RULE OF THE DIRECTOR OF PUBLIC SAFETY

NO. 10297

Pursuant to the authority vested in the Director of Public Safety by Chapter 305, Toledo Municipal Code, the following traffic regulation is hereby established:

1. Prior Rule of the Director of Public Safety No. 9766 establishing traffic regulations during a declared snow emergency is hereby rescinded.
2. DECLARATION OF A SNOW EMERGENCY:

Whenever a snow accumulation of three (3) inches or more exists within the City of Toledo, or in any section or sections thereof, a snow emergency may be declared by the Director of Public Safety to aid in the snow removal operation. Such snow emergency shall continue until it has been declared by the Director of Public Safety that a state of emergency, with respect to snow removal, no longer exists. The manner of announcement of the snow emergency shall be the same for the initial declaration and the termination thereof.

Whenever a snow emergency exists, the cooperation of the local news media shall be requested to announce the snow emergency and also the time that the snow emergency parking prohibitions become effective. Said time shall be no sooner than one hour after the initial declaration. Such announcement by the local news media (radio, television, press) shall constitute notice to the general public of the existence of the snow emergency. However, the owners and/or operators of motor vehicles shall have full responsibility to determine existing weather conditions and to comply with the snow emergency parking regulations.

3. RESTRICTION OF PARKING:

During the period of a declared snow emergency, it shall be unlawful for any person to park, or permit to remain parked, or to abandon or leave unattended any vehicle upon such streets as listed below. Further, this Rule of the Director of Public Safety shall not be deemed to void or alter more restrictive parking regulations that currently are in effect:
