MAYOR FINKBEINER ANNOUNCES PERRYSBURG TOWNSHIP JEDD

Toledo, OH - The City of Toledo has introduced to City Council legislation towards finalizing its agreement with Perrysburg Township to develop a Joint Economic Development District (JEDD). Once approved by Council, the two jurisdictions will work together to promote regional economic development. The City of Toledo will assist in providing water and sewer service to Perrysburg Township, in exchange for the sharing of income tax revenues. This will ensure that the City of Toledo will suffer no loss of income tax revenue paid by FedEx employees, who will move to their new location in Perrysburg Township.

This is the third in a series of JEDDs, following similar agreements with Berkey and Sylvania. The City of Toledo is proud to soon be working with the trustees of Perrysburg Township and setting an example for the entire state about what's possible when entities work together.
