MEDIA RELEASE

Recent storms have brought considerable damage to trees. The City of Toledo Division of Forestry would like to remind Toledoans that Forestry crews are working to clear blocked streets, and removing trees from the public right of way.

If large limbs are fallen or hanging in the public right of way citizens are asked to report them to the City of Toledo by calling 419-936-2020.

If there are smaller limbs they should be cut and bundled. They will be picked up with your garbage on the scheduled day if stored in garbage receptacles, or cut and firmly bundled. City garbage collection will not pick up loosely piled limbs.
